

## PRESS RELEASE

**November 28, 2016  
FOR IMMEDIATE RELEASE**

Contact:  
Laurie Kozisek, Public Works Department  
(510) 747-7900

### **Upcoming Street Repairs**

The City's contractor is scheduled to begin street repair and hot mix asphalt patching. Weather permitting, the work is scheduled to begin on December 1 and end on December 16, 2016. Construction work hours are Monday through Friday, from 8:00 a.m. to 5:00 p.m. During construction, motorists will experience minor disruptions in traffic, temporary loss of parking spaces, temporary restricted street access, as well as an increase in noise and dust levels.

The following streets have been identified for repair:

- Clement Avenue, from Grand Street to Broadway
- Fortmann Way, from Grand Street to Alaska Packer Place
- Intersection of Grand Street and Fortmann Way

The contractor will post 'No Parking' signs 72 hours in advance of the planned work to advise residents on dates when the work will begin and when parking restrictions will become effective.

The City appreciates your cooperation and patience, and apologizes in advance for any inconvenience this project may cause. Questions or information about the project should be directed to Laurie Kozisek at (510) 747-7900. The project is primarily funded by Alameda County Measure's B and BB, and the Vehicle Registration Fund, Measure F.
