This Memorandum of Understanding is entered into between the City of Alameda and International Association of Firefighters, Local 689, pursuant to the provisions of Section 3500 et seq. of the Government Code of the State of California.

This Memorandum of Understanding shall be presented to the City Council of the City of Alameda as the joint recommendation of the undersigned parties for salary and employee benefit adjustments for the period commencing January 3, 2010 and ending June 29, 2013.

Section 1. Recognition and Cooperation

1.1 Union Recognition

International Association of Firefighters, Local 689, hereinafter referred to as the "Union," has been recognized as the majority representative, pursuant to the Employer-Employee Resolution No. 7476, to include the following employee classifications; Firefighter, Fire Apparatus Operator, and Fire Captain.

1.2 City Recognition

The Municipal Employee Relations Officer of the City of Alameda or any person or organization duly authorized by the Municipal Employee Relations Officer, is the representative of the City of Alameda, hereinafter referred to as the "City" in employer-employee relations, as provided in Resolution No. 7476 adopted by the City Council on May 21, 1969.

1.3 Cooperation

The parties have met and conferred and agreed to implement the Hazardous Material Response Program.

The parties have met and conferred and agreed to implement the Fire Boat / Water Rescue Program.

The parties have met and conferred and agreed to implement the Confined Space Rescue Program.

The parties have agreed to continue with the implementation of ALS service in the Fire Department as outlined in the Letter of Understanding between the Union and the City dated

October 20, 1999. The parties have discussed and agreed as to the basic tenets of the working relationship between the parties during the term of this Memorandum of Understanding. The parties agree that the basic tenets are cooperation, teamwork and consilience. The Union undertakes to immediately, upon the adoption of this Memorandum of Understanding by the City Council, to assist the Fire Department in every way possible with the implementation of the programs, plans and tasks that the Department has undertaken and will undertake. Upon the adoption of this MOU, the Union agrees to assist the Fire Department in the implementation of existing and new (or proposed) programs within the parameters (or limits) provided in Section 10.1 of the MOU and Section 7 of the MOU.

In the event the City Manager identifies that the City has a Financial Hardship, the Union agrees to cooperate with the City in developing options to address the financial hardships.

Section 2. Union Security

International Association of Firefighters, Local 689, shall be the only employee organization for which the City makes payroll deductions for membership dues for the members of the bargaining unit represented by International Association of Firefighters, Local 689.

The following procedures shall be observed in the withholding of employee earnings:

- (1) Payroll deductions from the earnings of an employee for payment to International Association of Firefighters, Local 689, shall be made only upon receipt by the City Finance Director of a written authorization from such employee for such deductions on a payroll deduction form provided by the City. No payroll deductions shall be made by the City for fines imposed by International Association of Firefighters, Local 689, upon a member thereof.
- (2) A payroll deductions authorization executed by a member of the bargaining unit shall remain in effect so long as that person remains a member of the bargaining unit or provides a written notice to the City Manager upon a form provided by the City that such authorization has been revoked. Any such revocation shall become effective thirty (30) days after it is submitted to the City Finance Director.
- (3) The Union's Treasurer shall certify in writing to the City Finance Director the amounts which the City is to deduct from the earnings of those members of the bargaining unit who have authorized such deductions, and any changes in such amounts, provided, however, that notice of such changes must be submitted to the City Finance Director thirty (30) days before they are to be implemented. Payroll deductions shall be apportioned such that an equal deduction is made in each pay period. Such deductions shall be remitted to the Union's Treasurer within fifteen (15) days after they are made.
- (4) The employee's earnings must be sufficient, after all other required deductions are made, to cover the amount of the deductions herein authorized. When an employee is in a non-pay status for an entire pay period, no withholdings will be made to cover that pay period from future earnings nor will the employee deposit the amount with the City which would have been withheld if the employee had been in a pay status

during that period. In the case of an employee who is in a non-pay status during a part of the pay period, and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this connection, all other required deductions have priority over payroll deductions for payment to the Union, and the Union shall be notified within fifteen (15) days when the Union's deductions are withheld.

- (5) In the event a salary increase for the members of the bargaining unit is made retroactively, the City shall deduct from all paychecks conveying such retroactive salary increase and remit to the Union's Treasurer those amounts certified by the Union's Treasurer as amounts due to the Union from such paychecks for dues, assessments, and other payments owed to the Union.
- (6) The Union shall file with the City Manager an indemnity statement wherein the Union shall indemnify, defend and hold the City harmless against any claim made and against any suit initiated against the City on account of check off of Union dues, assessments and other payments to the Union. In addition, the Union shall refund to the City any amounts paid to it in error upon presentation of supporting evidence.

Notwithstanding any other provision of this Agreement, the Union retains all of the rights granted to it by the Meyers-Milias-Brown Act and the Alameda City Charter.

Section 3. Union Representatives

Union representatives who are official representatives of the Union shall be given reasonable time off with pay to attend meetings with management representatives, or to be present at hearings where matters within the scope of representation or grievances are being considered. The use of official time for this purpose shall be reasonable and shall not interfere with the performance of City services. Such employee representatives shall submit through the Fire Department chain of command a written request for excused absence to the Fire Chief at least forty-eight (48) hours prior to the scheduled meeting whenever possible. Except by mutual agreement, the number of employees excused for such purposes shall not exceed three (3).

Union representatives may use their accrued vacation leave, compensatory time, and shift trades for the purpose of attending Union conventions, Union conferences and Union seminars. Such vacation leave shall not be counted against the total number of employees who may be on vacation leave at any one time, provided, however, that no more than one (1) employee per shift may be eligible for such vacation leave. Such compensatory time shall not be counted against the total hours allowed per shift/day. Such shift trades shall not be counted as a part of the total number of trades an employee may make per month.

Section 4. Access to Work Locations

Reasonable access to employee work locations shall be granted officers of the Union and officially designated representatives of the Union for the purpose of processing grievances or contacting members of the Union concerning business within the scope of representation which are to be discussed with City representatives. Such officers or representatives shall obtain the signature of the Fire Chief or his/her designated representative on a department provided form prior to entering any work locations for this purpose(see Appendix B

attached). Access may be restricted so as not to interfere with the normal operations of the department or with established safety or security requirements.

Solicitation of membership and activities concerned with the internal management of the Union, such as collecting dues, campaigning for office, conducting elections and distributing literature, shall not interfere with the normal operations of the department or with established safety or security requirements.

Section 5. Use of City Facilities

The Union may, with the prior written approval of the City Manager or Fire Chief or his/her designated representative, be granted the use of City facilities for meeting of the Union provided space is available. All such requests shall be in writing and shall state the purposes of the meeting.

Employees assigned to the fire station where a Union meeting is being held will be allowed to attend the meeting provided they shall remain available to perform their duties if necessary and shall immediately respond to any emergency call. Employees who have business to present at the meeting but are assigned to other stations will be allowed to attend the meeting. Arrangements for this purpose will be the same as for Department business (i.e., Officers Conference, classes, etc.), provided, that the Union and the Division Chief both determine the resulting coverage meets acceptable emergency response safety standards.

The use of City equipment other than items normally used in the conduct of business meetings, such as desks, chairs, and blackboards is strictly prohibited, the presence of such equipment in City facilities notwithstanding.

Section 6. Communications

The Union may use an area not larger than 36 inches by 48 inches for an Union bulletin board in each fire station at a location designated by the Fire Chief and may have exclusive Union use of such bulletin board under the following conditions:

No soliciting will be permitted in any station quarters or Fire Department building and no banners, cards or advertising of any description shall be permitted to be attached to the outside, or displayed inside, any station quarters or Fire Department building, without permission of the Division Chief, except for those matters placed on a Union bulletin board relating to Union functions. No pornographic type films or pictures shall be allowed in the stations at any time.

Neither the City nor the Union condones the presence or use of any film, video, picture or publication that creates an environment which is considered to be sexual harassment by another individual.

In the event an employee feels sexually harassed, they have recourse through the existing sexual harassment policy, Resolution #9511, Adopted by the City Council on April 8, 1981.

At the time of posting the Union will provide the Fire Chief with a copy of all material posted. At the time of issuance, the Fire Chief will provide the President of the Union with a copy of all Fire Department Bulletins, Special Orders and General Orders.

Section 7. Advance Notice

Except in cases of emergency, reasonable advance written notice shall be given the Union of any ordinance, rule, resolution or regulation directly relating to matters within the scope of representation proposed to be adopted by the City Council, any board or commission, or any department and the Union shall be given the opportunity to meet with City representatives prior to adoption. In cases of emergency when the City Council determines that an ordinance, rule, resolution or regulation must be adopted immediately without prior notice or meeting with the Union, the City shall provide such notice and opportunity to meet at the earliest practical time following the adoption of such ordinance, rule, resolution or regulation. A copy of any such ordinance, rule, resolution or regulation shall be provided to the Union, together with the notice required by this Section 7, whenever possible.

Section 8. City Rights

The rights of the City include, but are not limited to, the exclusive right to determine the mission of its constituent departments, commissions and boards; set standards of service; determine the procedures and standards of selection for employment and promotion; direct its employees; take disciplinary action; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of governmental operations; determine the methods, means and personnel by which government operations are to be conducted; determine the content of job classifications; take all necessary actions to carry out its mission in emergencies; and to exercise complete control and discretion over its organization and the technology of performing its work.

Section 9. No Discrimination

There shall be no discrimination based on race, creed, color, national origin, sex, ancestry, marital status, pregnancy or sexual orientation against any employee or applicant for employment by the Union or by the City; and to the extent prohibited by applicable state and federal law, there shall be no discrimination because of age. There shall be no discrimination against any disabled person solely because of such disability unless that disability prevents the person from meeting the minimum standards established. The City and the Union will not interfere with the rights of employees to join or refrain from joining the Union nor will they discriminate against any employee for legitimate Union activities.

Section 10. Hours of Work

10.1 Work Schedule

The regular workweek for employees assigned to full-time positions in other than Fire Suppression shall consist of an average of forty (40) hours and such hours to be worked between 7:00 A.M. and 6:00 P.M., Monday through Friday.

The regular workweek for employees assigned to Fire Suppression shall be an average of fifty-six (56) hours. The work schedule shall consist of three (3) twenty-four (24) hour on-

duty periods, commencing at 8:00 A.M., within a nine (9) day cycle to be worked in accordance with the following chart:

X = 24 hour on-duty period
O = 24 hour off-duty period
XOXOXOOOO

Employees shall report at 8:00 A.M. in appropriate uniform, clean shaven, and ready to work at the station to which they were last assigned, unless previously otherwise directed by the Fire Chief or designated representative. When directed to report to another station for the employee's next duty shift, the employee will be allowed to move the employee's equipment and gear between 7:30 A.M. and 8:00 A.M. of the employee's last working duty shift.

Employees assigned to Fire Suppression shall conduct normal duties of the Fire Department during the hours of 8:00 A.M. to 10:00 P.M.

When making assignments after 5:00 P.M., the Division Chief shall consider the physical condition of the employees based on the scheduled and emergency response workload which has occurred previously during the shift. Regular or scheduled activities shall be limited to eight (8) hours in any one shift.

Work to be performed after 10:00 P.M. shall be responses to emergencies and the work necessary to restore equipment to service after such equipment was used in emergency response, and repositioning of emergency equipment when circumstances exist which adversely affect the Department's usual ability to respond to an emergency or when unusual fire hazards exist which require monitoring by the Department.

10.2 48/96 Work Schedule

During the term of this agreement, a 48/96 Work Schedule shall be implemented on a one-year trial basis upon the approval of the bargaining unit. After the one-year trial period, either party may decide to cease the 48/96 Work Schedule for any reason. The 48/96 Work Schedule may be continued beyond the one-year trial period upon mutual consent of the parties.

10.3 Shift Trades

Employees may trade shifts or portions thereof with qualified employees in increments of twenty-four (24) hours, fourteen (14) hours, or ten (10) hours, under the following conditions. An employee making such a trade shall enter that fact on Telestaff and on the station calendar at the fire station to which he or she is assigned at the time he or she makes the agreement for the trade, and shall inform his or her company officer of the trade at that time. Such trade must be approved by the Division Chief.

Employees may make trades with qualified employees of less than ten (10) hours under the following conditions. Requests for such trades shall be entered on Telestaff and approved by the Division Chief. Such trades shall be entered in the Station journals and will not count as part of the three (3) trades per month stated below.

A request for a trade may be denied if the trade would interfere with operations of the Fire Department deemed important by the Fire Chief.

No employee may have more than three (3) trades per month except with written permission from the Division Chief. All trades between employees shall be repaid within twelve (12) months of the date of the trade unless the employee responsible for repaying the trade is assigned to a non-suppression assignment or suffers an illness or injury, in which case the twelve (12) month repayment period shall be extended by the period of such assignment, illness or injury.

No trade shall involve the payment of monetary compensation from one employee to another. If an employee has arranged a shift trade with another employee and that employee fails to report for work on the day he or she was to work for the first employee, the second employee shall be required to make up that time in accordance with Fire Department rules and regulations and the second employee will not be compensated for the day he or she failed to report for work. If an employee has arranged for a shift trade with another employee and that employee fails to report for work due to an industrial injury on the day he or she was to work for the first employee, the first employee shall be required to make up that time in accordance with Fire Department rules and regulations. All such time shall be made up in full shifts or, if the trade was for less than a full shift, in the same period of time as the trade.

Employees accepting to work a trade are expected to be on duty the entire length of time agreed to. Employees unable to work the full amount of the trade time should not agree to work the trade.

Employees on trade status assume the assignment of the employee he/she is replacing. Assignments will be made based on the seniority and qualifications of the employee assigned to the shift who requested the trade. (Status on eligibility list does not pass from the employee off on trade to the employee working the trade).

For approved trades between ranks an employee trading up in rank will assume the assignment of the employee being replaced, provided another employee with the appropriate rank is not available for such assignment. An employee trading down in rank will assume the assignment of the employee being replaced, provided there is no available assignment at his/her attained rank.

A Firefighter may trade with any other Firefighter, or with an Apparatus Operator subject to limitations stated within Apparatus Operator definitions, or with Captains subject to the limitations stated within Captains definitions.

An Apparatus Operator may trade with any other Apparatus Operator, or with a Firefighter who has: three (3) years experience as an Alameda Fire Department Firefighter, and possession of a the appropriate driver's license, and previously placed on an Alameda Fire Department Apparatus Operator promotion list or has been certified to drive by the Training Officer. An Apparatus Operator may trade with a Captain who has: possession of the appropriate drivers license, and previously placed on an Alameda Fire Department Apparatus Operator promotion list or has been certified to drive by the Training Officer, and be subject to limitations stated within Captain definitions.

A Captain may trade with any other Captain, or with any Firefighter or Apparatus Operator who is qualified and certified to act as Captain.

Section 11. Overtime, Call Back, Acting Pay, Compensatory Time

11.1 Overtime Authorization

All overtime must be authorized by the City Manager or designated representative in advance of being worked. No employee in the bargaining unit shall order any other employee in the bargaining unit to work overtime unless such overtime has been authorized by the City Manager or his or her designated representative.

11.2 Definition of Overtime

Fifty-six (56) Hour Workweek Employees

Overtime for employees assigned to a fifty-six (56) hour workweek is authorized time worked beyond the regular scheduled workweek in Section 10. Overtime shall be compensated at one and one-half (1-1/2) times the employee's regular rate of pay in pay or compensatory time off, at the employee's option.

Overtime shall not be paid when an employee's fifty-six (56) hour workweek is extended due to a shift trade.

Forty (40) Hour Workweek Employees

Time worked by employees in other than Fire Suppression in excess of eight (8) hours in one (1) day or forty (40) hours in one (1) week shall not be deemed as overtime, provided that such employees average not more than forty 40 hours per week and that such scheduled hours are worked between 7:00 A.M. and 6:00 P.M., Monday through Friday. All other time worked by such employees in excess of an average of forty (40) hours a week shall be compensated in pay or compensatory time off, at the employee's option, at the rate of time and one-half (1-1/2).

Exemptions from Overtime

Any employee assigned to Fire Suppression duties may leave his or her shift prior to its completion when he or she has arranged for early relief from an employee scheduled to come on duty at the start of the next shift and has received approval for such early relief from the immediate supervisor. Such early relief will be exempt from overtime.

11.3 Call Back and Minimum Overtime Requirements

Call Back and Minimum Overtime Requirements shall be in accordance with established overtime procedures as outlined in GOB 2-41 (12-1-98).

11.4 Overtime Call-in Procedures

Requests for overtime shall be in accordance with established overtime procedures as outlined in G.O.B. 2-41 (12-1-98).

11.5 Acting Procedures and Pay

Employees shall be paid hour per hour for time worked in a higher classification. One hour shall be the minimum qualifying time period. If an employee works in a higher classification for a fraction of an hour the time shall be rounded to the nearest hour.

Current List:

Employees may be assigned to temporarily perform the duties of a higher classification. When an eligibility list exists for permanent appointments to that classification, employees on the shift requiring the acting appointment who hold positions on such eligibility list shall act when requested in order of decreasing rank on the list except by mutual agreement between the employee and the Division Chief.

No Current List:

When no eligibility list exists for a higher classification, acting appointments in that classification will first be offered to employees on the shift requiring the acting appointment who are qualified to perform such assignments and who have submitted to the Fire Chief the "Letter of Intent to Act" previously approved by the Union. In the event no eligibility list exists, such acting appointments will first be offered to those employees who were on the last eligibility list in order of decreasing rank on that list. After all of those persons have been offered acting appointments, acting appointments shall then be offered in order of decreasing departmental seniority to the remaining employees on the shift requiring the acting appointment who have submitted letters of intent to act in that classification.

Employees who have passed an examination for permanent appointment to a classification shall automatically be deemed qualified for acting appointments in that classification. Other employees who have submitted letters of intent to act in that classification shall be evaluated by the Division Chiefs and the administrative staff and may be denied acting assignments if they are not qualified to perform the duties of such assignments. In order to qualify for acting appointments to the classification of Apparatus Operator, an employee must have successfully completed the driving and performance tests for that classification.

After an employee has acted for three (3) shifts in a higher classification, he or she shall be rotated to the bottom of the list of persons eligible for acting appointments to that classification.

Employees have the opportunity to decline acting assignments; provided, however, when departmental needs dictate, the Division Chief and the administrative staff will assign such employees or other fire safety employees to serve as actors.

Depending upon departmental needs, those employees determined to be qualified to act, may be divided as evenly as possible and practical on the three (3) shifts. However, department effectiveness and efficiency shall be instrumental in the decisions affecting movements of acting assignments.

The new Acting Procedures will be developed and implemented prior to the City Council adopting this MOU. GOB 2-24 (8/30/01)

Acting Pay

An employee who has been assigned and has successfully performed the duties of a higher classification for three (3) shifts or the equivalent number of hours shall thereafter receive the rate of pay attached to such classification for all of the time he or she is assigned to perform such duties.

Any employee who is assigned to act in a higher classification for more than fifty percent (50%) of his or her shifts in a fiscal year shall be paid for vacation leave taken in that fiscal year at one-half (1/2) the salary attached to such higher classification and one-half (1/2) of the employee's regular rate of pay. Any employee who is assigned to act in a higher classification for eighty percent (80%) or more of his or her shifts in a fiscal year shall receive the salary attached to such higher classification for vacation and sick leave taken in that fiscal year and for his or her holiday pay.

In the event an employee acts in more than one (1) higher classification and the combined service in those higher classifications is more than fifty percent (50%) of his or her shifts in a fiscal year, the employee shall be paid for one-half (1/2) of the vacation leave taken in that fiscal year at a salary prorated from the salaries of such higher classifications in proportion to the employee's acting time in each such classification. In the event an employee's combined service in more than one (1) higher classification is eighty percent (80%) or more of his or her shifts in a fiscal year, the salary for all vacation, sick leave and holiday pay shall be computed in the same manner.

To be eligible for acting pay compensation, the employee so acting shall submit their acting pay request at the end of the three shift cycle in which the employee acted.

11.6 Compensatory Time

Employees shall be entitled to accrue compensatory time off up to a maximum of one hundred forty-four (144) hours, but may take no more than seventy-two (72) hours of compensatory time off in any one (1) month.

In the case of Compensatory Time which has been granted and is canceled by the employee, all employees on the shift shall be notified of the availability of the compensatory time and any other request shall be granted based on seniority and department needs.

Upon an employee's separation from City service, the City will meet any legal obligation it has toward the employee regarding pay off of compensatory time. Compensatory time will be requested by an employee in accordance to G.O.B. 2-39 (7/6/99)

Section 12. Salaries

12.1 Rates of Pay

The biweekly rates of pay for the classifications covered by this Memorandum of Understanding for the duration of this Memorandum of Understanding are set forth in Appendix G.

There will not be any salary increases during the term of this Memorandum of Understanding

The City and the Union met and conferred in good faith regarding the providing of the ambulance service by the employees in the bargaining unit, and reached agreement that during the term of this Memorandum of Understanding the compensation will be as provided in Section 25.6 of this Memorandum of Understanding.

Effective October 7, 2001, In addition to the regular salary, employees assigned on regular assignment to the Fire Prevention Bureau, will receive a salary differential of seventeen and

one half percent (17.5%) while so assigned. Employees in the classification of Firefighter will receive a salary differential of seventeen and one half percent (17.5%) while so assigned. A Fire Captain assigned to Support Services or the Training Division will receive a salary differential of seventeen and one half percent (17.5%) while so assigned.

When making training, support services or fire prevention assignments, the Fire Chief will give consideration to any request from employees for such assignments and among the items considered by the Fire Chief will be an employee's qualifications and seniority. Whenever an assignment to a position in fire training, or fire prevention is to be made, the Fire Department shall post a notice in all fire stations informing all qualified employees that they may request consideration for such assignment.

At the time of considering the volunteers for an assignment, the Fire Chief will indicate the duration of the assignment. No employee may be required to accept training, support services, or fire prevention assignment for a duration of more than two (2) years.

During the above assignments an employee may be temporarily displaced from such assignment and replaced by an employee on a limited duty assignment made in accordance with Section 25.3 of this Memorandum of Understanding. At the end of such limited duty assignment the displaced employee shall be provided the option of completing the remainder of the displaced employee's assignment, which may be extended by the length of such limited duty assignment.

The Fire Department retains the authority to remove employees who are not performing at acceptable levels in the above assignments.

12.2 Starting Rate

For the classification of Firefighter, the entrance salary for a new employee entering City service shall be the minimum salary for that classification, provided, however, that when circumstances warrant, the City Manager may approve an entrance salary which is more than the minimum salary. If a new employee has both EMT 1 and Firefighter 1 certificate, the Fire Chief will recommend to the City Manager that the employee be hired at the third step. The City Manager's decision shall be final.

For all other classifications within the bargaining unit, employees shall receive the minimum salary for such classifications upon initial appointment thereto, unless the salary attached to such initial step is not five percent (5%) or more above the salary of an employee prior to such appointment, in which event the employee will receive the salary attached to the lowest step which provides a salary increase of at least five percent (5%). Acting pay under Section 11.4 of the Memorandum of Understanding shall be at the step which an employee would receive upon initial appointment to the higher classification to which the employee has been temporarily assigned.

12.3 Step Increases

The step plan of each salary range shall be applied and interpreted as follows for permanent and probationary employees:

The first step shall be the minimum rate and shall normally be the hiring rate for the class.

The second step shall be paid upon satisfactory completion of six (6) months of paid status at the first step.

Upon such invalidation the parties agree immediately to meet and confer on substitute provisions for such parts or provisions rendered or declared illegal.

Section 30. Past Practices and Existing Memoranda of Understanding

Furthermore, an employee hired by the City prior to July 1, 1978, who resigns or retires from City employment and has been in the service of the City for a minimum of ten (10) years, will be eligible for payment of unused accumulated sick leave based on the following calculation:

Unused sick leave accumulation for the purpose of payment at time of retirement or resignation shall not exceed the number of days accrued by the employee on July 1, 1978.

There shall be no payment for unused accumulated sick leave if an employee's service with the City is terminated due to discharge.

- 3) Upon the City transferring the 1082 Plan to PERS, the following language will apply to all safety employees of the City:

Employees who are members of the Public Employees' Retirement System (PERS) may participate in a PERS "Pick-Up Program". Said Program operates under the provisions contained in Section 414(h)(2) of the Internal Revenue Code concerning the tax treatment of employee retirement contributions to PERS paid by the City of Alameda on behalf of said employees.

The City shall contribute to PERS each pay period a portion of the employee contribution rate as established by law equal to nine percent (9%) of the employee's "compensation" as that term is administered by the Board of Administration of PERS.

Contributions made pursuant to this section shall be reported to PERS as "employee contributions being made by the contracting agency." In the event an illness or injury occurs which may cause an employee's retirement, that employee may immediately convert the nine percent (9%) City-paid employee contribution to the retirement fund to a nine percent (9%) salary increase, in which event the employee will be required to pay the total amount, nine percent (9%), of the employee contribution which had been paid by the City to the retirement fund.

The City shall afford the employee, at the employee's option, the ability to pay the nine percent (9%) City-paid employee contribution to the retirement fund retroactive twelve (12) months prior to an illness or injury which may cause an employee's retirement.

Any election to convert the City paid employee contribution will be revoked in the event the employee returns to duty status.

- 4) Upon the City transferring the 1082 Plan to PERS, the following language will apply to all 1082 safety employees and retirees who retired under 1082 who elect to transfer to PERS and current safety employees:

a. Medical Insurance

For 1082 retirees and future Public Safety retirees who are currently members of one of the City sponsored health plans, the City shall contribute the health plan costs, at the one party or two-party rate as the case may be, for that plan until the retired employee is eligible for Medicare coverage. If and when the retiree becomes eligible for Medicare coverage, Part A and Part B, then the City shall provide the retiree a Medicare supplementary program as provided for in Government Code Sections 22819 and 22859. In place of the above described rates, the City will pay the full cost of such Medicare Supplement Program. Any of the above mentioned retirees who currently are not enrolled in a City sponsored health plan may elect to receive a monthly contribution by the City, equal to the average of the one-party or two-party rates, whichever is appropriate, paid by the City, to a qualified health care plan (on record with the City) for the purpose of purchasing health care. Retired employee dependent eligibility for City health plan contribution is conditional upon the active enrollment of the retired employee.

APPENDIX "E" - TRANSFERRING 1082 PENSION SYSTEM MEMBERS TO PERS

For an employee of the City, who was married at the time of retirement and who dies during retirement, the surviving unmarried spouse of the retiree will have his or her medical insurance paid by the City at the single party rate.

If a retired employee remarries, the retiree may add the retiree's spouse to the medical insurance coverage at the retiree's expense.

b. Dental

1082 retirees and future Public Safety retirees may elect to receive a monthly contribution by the City, equal to the one party or two party rate, as the case may be, paid by the City, to a qualified dental care plan (on record with the City) for the purpose of purchasing dental care. For an employee of the City, who was married at the time of retirement and who dies during retirement, the surviving unmarried spouse of the retiree will have his or her dental insurance costs paid by the City at the single party rate. Should the City provide a dental benefit plan covering retired employees at a later date, the City shall provide the retiree and the surviving spouse the option of joining said plan at City cost at the appropriate rate. If a retired employee remarries, the retiree may add the retiree's spouse to the dental insurance coverage at the retiree's expense.

- 5) Any monies left in the 1082 Fund after the necessary funds have been transferred to PERS will be administered by the 1082 Pension Board to fund Health & Welfare (e.g. medical and dental) benefits for eligible retirees and dependents formerly members of the 1082 Pension System. Any other use of these monies would be a subject of negotiation with the Alameda Police Association and IAFF Local 689 representatives and would require their concurrence.
- 6) An individual Member who is retired from the City of Alameda under 1082 may make an irrevocable election to remain in the 1082 Plan. The existing benefits of the individual Member of the 1082 Plan at the time of election shall remain in full force and effect, without additions or deletions. Such election shall be made in writing to the City's Personnel Director and be made within 15 days from the date of the receipt of the Notice of Election.
- 7) This Agreement shall be effective upon ratification of all PERS transfer/contract amendment requirements. Non-restricted accrual of sick leave for purposes of Optional Benefit Section 20862.8 shall be effective as of January 1, 1990.

CITY OF ALAMEDA

BILINGUAL PAY POLICY

The hiring and retention of bilingual employees by the City of Alameda is desirable to more effectively meet the needs of the community and to enable the City to provide efficient service to the community. A program which compensates employees for bilingual skills, used in selected positions, will enhance recruitment of minority employees, particularly Hispanics and Asians, and reinforce the City's interest in providing service to the minority community.

It is, therefore, the policy of the City to pay an incentive on a continuing basis to employees with bilingual skills when used in positions having high levels of contact with the non-English speaking community. The City will also pay an incentive to employees using bilingual skills on a situational basis, as required to conduct City business.

ADOPTED: City Council Meeting
July 16, 1991

CITY OF ALAMEDA
BILINGUAL PAY PROCEDURES

Employees may be entitled to bilingual pay in one, but not both, of the following:

I. CONTINUING BASIS

ELIGIBLE EMPLOYEES

Each full-time employee who meets the following requirements will be compensated at the rate of \$21.00 per bi-weekly pay period (\$14.00 for part-time employees) for each pay period actually worked if:

- A. The employee has been certified (within a five year period) as bilingual according to currently established procedure.
- B. The position to which the employee is currently assigned has been selectively certified by the Director of Personnel and the Department Head as requiring bilingual ability on a continuing basis.

BILINGUAL CERTIFICATION

Employees shall be certified as bilingual by the Personnel Department staff in consultation with appropriate outside experts, based on an oral assessment of word definitions and sentence translation. Bilingual ability will be assessed only for languages specified by the Department Head and recommended for the Personnel Department's approval.

ELIGIBLE CLASSIFICATIONS

Only those classification certified by the Personnel Department may receive bilingual incentive compensation. Department Heads may request that certain classifications/positions receive bilingual pay through a written recommendation to the Personnel Department. Based on the recommendation submitted, the Personnel Department determines whether the need for a bilingual skill is justified and approves the awarding of bilingual pay incentive.

ADMINISTRATION

The Personnel Department is responsible for administering the bilingual pay program, based on recommendations from Department Heads relative to appropriate positions and languages. The Personnel Department will maintain a current list of positions and employees certified to receive the bilingual pay incentive.

APPENDIX "F" - BILINGUAL PAY POLICY, 7/16/91

II. SITUATIONAL BASIS

1. employee name;
2. language used;

An employee who is working in the Paramedic Program may only be allowed to leave the Program by the Fire Chief. Paramedics will be allowed to leave the Program after build out (Phase IV as described below) if, in the judgement of the Fire Chief, a sufficient number of Paramedics remain to ensure the continuity of the service. The minimum number of Paramedics required for the Program will be identified as follows:

Phase I	Eighteen (18) Firefighter/Paramedics
Phase II	Twenty-seven (27) Firefighter/Paramedics
Phase III	Thirty-three (33) Paramedics (minimum of twenty-one at Firefighter rank)
Phase IV	Thirty-nine (39) Paramedics (minimum of twenty-one at Firefighter rank)

Paramedics wishing to leave the Program shall submit an Inter-Department Memorandum to the EMS Director by August 1 of each year for the following calendar year. Employees will be allowed to leave the Program only after build out based on a sufficient number of paramedics remaining to insure the continuity of the service using a factor of Department seniority plus time in service in the Program. Employees leaving the Program will be reassigned appropriately and will no longer receive a Paramedic Differential and may be eligible to receive a Paramedic Assistant Differential.

The Fire Chief may remove an employee from the Program due to personal and/or professional needs which could negatively impact the employee or the Program. Employees so removed shall be reassigned appropriately and will no longer receive a Paramedic Differential but may be eligible to receive a Paramedic Assistant Differential.

Employees with current Paramedic certification who are not part of the Paramedic Program may be assigned to an ALS resource pool. The City shall pay all costs necessary for such employees to maintain certification. Paramedics assigned to the ALS resource pool shall not receive a Paramedic Differential but shall receive a Paramedic Assistant Differential. Paramedics assigned to the ALS resource pool may be given a paramedic assignment to ensure continuity of the service. In the event an employee from the ALS resource pool is given a paramedic assignment they shall receive the Paramedic Differential.

When an opening in the Paramedic Program becomes available the EMS Director shall solicit employees assigned to the Paramedic resource pool to fill the position on a voluntary basis. When more than one employee volunteers to fill the assignment the employee with the highest total factor of Department seniority plus time served in the Paramedic Program shall be selected.

APPENDIX "H" - ALS SERVICES

Letter of Understanding

October 20, 1999

Page 3

When there are no volunteers to fill an opening in the Paramedic Program the EMS Director shall assign the employee from the ALS resource pool with the lowest total factor of Department seniority plus time served in the Program to fill the assignment. Such an assignment will last a minimum of two (2) pay periods not to exceed fifty-two (52) pay periods total. When an employee has been assigned involuntarily for a total of fifty-two (52) pay periods to the Program he/she shall have met all commitment requirements to the Program and shall not be involuntarily assigned again.

Whenever the necessary complement of Paramedics as identified for any phase of the Program drops by ten percent (10%) or more the City shall make every attempt to fill Paramedic positions in a timely fashion if vacant positions exist and to the extent funding is appropriated. The City may implement any phase with the minimum number of Paramedics as outlined in the County ALS contract as long as attempts are being made to staff up to the minimum numbers of Paramedics outlined in this MOU. If the number of Paramedics remains 10% or more below the total identified for each phase for four months or more the City and Union shall meet upon request to discuss impacts.

An employee who has a valid Paramedic certificate and who has completed the County Preceptor Program guidelines shall be compensated an additional twenty-five dollars per shift when that employee is scheduled and is using this skill according to the direction of the EMS Director. The EMS Director will determine those persons qualified to receive the training."

- 6. Section 17.1, paragraph three, of the current MOU to read in full as follows; "Up to three (3) employees assigned to fire suppression duties may be scheduled for vacation leave on any one day. No more than two (2) Paramedics may be scheduled for vacation leave on any one day except that during Phase 1 no more that one Paramedic can be scheduled for vacation leave on any one day."

The City Manager will notify Local 689 President in writing when making such request. APPENDIX "J" - FIRE INVESTIGATION PROGRAM

LETTER OF UNDERSTANDING

on

Fire Investigation Program and Not Filling the Assistant Fire Marshal Assignment

MARCH 19, 2010

The purpose of this letter of understanding is to memorialize a settlement agreement between the City of Alameda and IAFF Local 689 regarding Fire Investigation Services in the City of Alameda and the decision not to fill the Assistant Fire Marshal assignment or proposed Fire Protection Engineer classification. This settlement shall resolve all existing disputes between the parties on these issues.

This agreement shall be effective upon approval of the parties, and shall also be incorporated into the next Memorandum of Understanding between the City of Alameda and IAFF Local 689 in a separate section titled "Fire Investigation Program." IAFF Local 689 agrees that it will not pursue a petition to compel arbitration on these issues and shall withdraw any related grievances.

The parties agree that neither the Assistant Fire Marshal assignment nor the Fire Protection Engineer classification shall be filled at this time.

IAFF Local 689 agrees that it shall withdraw all grievances it has filed regarding the Fire Protection Engineer classification as well as all grievances it has filed regarding the failure of the City to fill the Assistant Fire Marshall assignment. It further warrants that it will not pursue any litigation or administrative charge regarding these issues.

IAFF Local 689 further agrees that the City may subcontract the proposed duties of the Fire Protection Engineer, including but not limited to the following duties as they relate to new construction: conducting construction plan reviews to include the review and analysis of designs, plans, and specifications; ensuring compliance with fire and life safety ordinances, laws and codes; conducting site inspections, meeting with contractors and issuing final approvals.

In the event that the City of Alameda determines that the work duties set forth above shall not be subcontracted but shall be performed by City employees, the City agrees that it will provide written notice to the IAFF Local 689 and an opportunity to meet and confer regarding the restoration of such work at that time.

APPENDIX "J" - FIRE INVESTIGATION PROGRAM

The parties agree that the City will contract fire investigation services for the purpose of training team members until such time as the City determines the team members are fully trained to an acceptable level.

The Alameda Fire Department shall establish a policy to train a team of Fire Investigators drawn from its ranks of Firefighter, Apparatus Operator, and Fire Captain and to have Fire Investigators so trained to conduct Fire Investigations and be available on a "stand-by" status 24 hours a day, 7 days a week in the manner described herein. A maximum of six (6) employees who are trained as Fire Investigators and are actively participating in the Fire Investigator Program shall receive an additional five percent (5%) salary differential while assigned to the Program and actively serving as a Fire Investigator. Fire Investigation team members shall be distributed equally among the three (3) suppression shifts. Any shift balancing shall be in accordance with GOB 2-40 Station Preference Assignments. It is the intent of the City that there will be six employees in the program at any given time.

In order to qualify as a Fire Investigator, an employee must have successfully completed Fire Investigation course 1A, and Fire Investigation course 1B. Fire Investigation courses 2A, 2B and the forty hour component of P.C. 832 must be completed within 18 months of being accepted into the program. It is also desirable that the employee have experience in investigating cause and origin of fires. The on duty Fire Investigators in Fire Suppression shall normally be used to investigate small or routine fires that occur while they are on duty. However, if fire cause and origin cannot be determined within a reasonable time as determined by the Duty Chief, the Duty Chief may recall a standby Fire Investigator. The parties intend that Fire Investigators who are on duty in Fire Suppression should not investigate large or complex fires on the same day in which they have responded to a fire as a crewmember on any Fire Engine, Fire Truck or Ambulance.

Team members shall select standby rotations in two week blocks equally until all standby time is filled. The selections shall be made in order of decreasing departmental seniority. A team member who is unable to fulfill his/her obligation for standby shall be required to find a replacement and to notify the Duty Chief. The Duty Chief shall notify both the Deputy Chief of Support Services and the Dispatch Supervisor. A Fire Investigator on standby who is called in shall receive premium pay at the rate of one and one-half times the base rate of pay. The list of standby investigators shall be maintained by the Deputy Chief of Support Services with a current list located at Dispatch and in the Duty Chief's office with one investigator assigned standby at all times.

APPENDIX "J" - FIRE INVESTIGATION PROGRAM

The Department shall find a replacement standby investigator when it assigns a team member on standby to mandatory overtime. If a member becomes unavailable for standby duty due to personal illness or on the job injury the Department shall replace the member on standby duty. It is the responsibility of the member to notify the Duty Chief at the earliest time possible when they become unavailable for standby duty because of illness or injury. Should the Department need to find a replacement standby investigator and none volunteer, that selection shall be made in order of reverse departmental seniority among those qualified to perform the work.

Fire Investigators on standby are expected to respond when requested by Dispatch or the Duty Chief. When on standby, Fire Investigators shall carry a Fire Department cell phone for direct contact and must be fit for duty and available to respond within a reasonable period of time. Department issued cell phones are to be used for conducting fire investigation business only. When recalled for an investigation the investigators shall retrieve the fire investigation unit and respond to the scene.

Employees who become Fire Investigators shall make a five (5) year commitment to the City to actively serve in the program. Any member who decides not to continue with the program after five years may be required to participate for up to one additional year, including being on standby and subjected to being recalled for investigations during that year. The Fire Chief may remove any member from the program at any time. Employees leaving the program will no longer receive a pay differential.

During the initial rollout of the Program (the initial assignment of the first group of employees to the Program) employees who have not completed the required Fire Investigation coursework may apply and be accepted as one of the six Fire Investigators assigned to the program upon the condition that he/she successfully complete Fire Investigation course 1A, and Fire Investigation course 1B within one year of his/her assignment to the program. It is desirable that the employee have experience in investigating cause and origin of fires. Fire Investigation courses 2A, 2B and the forty hour component of P.C. 832 must be completed within two years of being accepted into the program. During the initial rollout of the Program, the City shall pay for training and associated costs for any employee who is selected to become one of the initial six Fire Investigators.

APPENDIX "J" - FIRE INVESTIGATION PROGRAM

The selection process will consist of submitting a letter of interest with qualifications and experience, along with a structured oral interview. The selection shall be at the sole discretion of the Fire Chief.

All Fire Investigation team members may be required to attend meetings and conferences to further develop the skills as Fire Investigators. At a minimum, team members may be required to attend one of the two annual California Conference of Arson Investigators training burns. Failure to meet training requirements shall result in the removal of the employee from the Program along with the corresponding pay differential. Any City paid training shall be excluded from consideration under the Educational Incentive Program.

Notwithstanding the above provisions, the City does not waive its right to subcontract fire investigative services in the future. If the City determines to subcontract fire investigative services it will provide IAFF 689 with not less than 30 days advance written notice and prior to the decision becoming final, meet and confer with IAFF 689 about both the decision to subcontract such work as well as the impact on the bargaining unit of such subcontracting.

Any dispute about the interpretation or application of this Letter of Understanding shall be subject to the grievance procedure contained in the parties' Memorandum of Understanding.
