Date

Receipt is hereby acknowledged of Addendum No. 1, Removal, Disposal, and Installation of New Commercial Toilets within City of Alameda Facilities

Company Name / Contractor

Date: _____

By: _____

NOTE: THIS COMPLETE ADDENDUM, SIGNED AND DATED MUST BE RETURNED WITH YOUR BID.

SCOPE OF WORK/BID PROPOSAL:

The work to be done consists of furnishing all labor, tools, equipment, materials, except as herein specified, and doing all work associated with removal, disposal (with intent to recycle), and installation of low flow toilets at Alameda Police Department (APD), Alameda Fire Department (AFD), Mastick Senior Center (Mastick), and other bathrooms as requested throughout the City of Alameda.

For the initial project, there will be 32 toilets removed, disposed, and installed. This will include all parts that are inclusive to the working flush valve toilet. The toilets listed below are all flush valve toilets.

The City has additional toilets that need replacing in other facilities, and will request these replacements from the Contractor on an as-needed basis. The City requests a price for the removal and replacement of a singular tank toilet, and the price for the removal and replacement of a singular flush valve toilet for the additional replacements.

Contractor should make every effort to remove and replace the toilet and valve fixtures itself without disturbing the surrounding finishes. If any of the tile or flooring is disturbed, contractor will be responsible to replace at his/her expense.

The initial locations are:

- **Alameda Police Department** – 1555 Oak Street
 - 13 wall-mounted toilets
- **Alameda Fire Department Administration and Fire Station One** – 1300 Park Street
 - 9 floor-mounted toilets
 - 4 wall-mounted toilets
- **Mastick Senior Center** – 1155 Santa Clara Avenue
 - 5 floor-mounted toilets
 - 1 wall-mounted toilet
