

## Responses for Requests for Information

### Design of the Cross Alameda Trail Request for Proposal

September 3, 2014

Questions	Responses
1. On Page 3, please clarify “Gateway feature on Webster Street at <b>RAMP</b> .”	RAMP is an acronym for “Ralph Appezzato Memorial Parkway”. Thus, staff is requesting consultants to consider a gateway feature on Webster Street at Ralph Appezzato Memorial Parkway.
2. On Page 3, please clarify “Bicycle curb ramp on <b>RAMP</b> at Fifth Street.”	Same as above – RAMP stands for Ralph Appezzato Memorial Parkway.
3. On Page 3, please state the type of “ <b>gate</b> connecting adjacent Summerhouse apartment complex” such as a key pad system or a gate without a locking device.	Public Works staff is in the process of working with Summerhouse staff to better understand what Summerhouse affiliates prefer.
4. Is this a <b>standalone project</b> ?	Yes. Nevertheless, this section of the Cross Alameda Trail between Webster Street and Main Street is part of a larger corridor, which ultimately will travel between Alameda Point to Tilden Way and the Miller-Sweeney Bridge.
5. Will there be any traffic <b>signal work</b> ?	Intersection improvements would include accessible pedestrian signal items such as signal heads and frames as well as push buttons. Separate bicycle signals could be considered.
6. Has there been any <b>design work</b> to date?	The design work that has been done is the proposed cross section shown as Attachment A on Page 22, which was completed by Carlson, Barbee & Gibson, Inc.
7. Do you have a <b>list of firms</b> that received this RFP?	Public Works staff distributed the RFP announcement to the builders’ exchanges as well as a consultant list (attached).
8. What kind of information will be included in the <b>base maps</b> ?	The electronic base map will include right-of-way lines.
9. Does the City anticipate any <b>environmental review/permitting and public outreach</b> for the project?	The City is doing the environmental review, outreach and permits in house.
10. Do you anticipate needing lights?	No, lighting is not part of this project.
